

## Welsh National Sailing Academy and Events Centre

Welcome to our August newsletter and as you are aware, Wynne Construction has been appointed as the Main Contractor to build the new Welsh National Sailing Academy and Events Centre in Pwllheli. The new facility will house an Events Hall, Restaurant / Café and Education Training rooms and will become the focal point for Sailing in Wales.

Works on the project have begun with the removal of the existing concrete hardstanding. Formation of the steel frame foundations has been completed and the strip foundations to the building and concrete retaining walls are well advanced. We will shortly be casting the 3no concrete walls as the building begins to rise above the surface. The new fence works to the compound have been completed in time and proved a success at the recent Sailing Club Topper event. We will shortly be commencing the erection of the steel frame as the site begins to take on another appearance.

We would like to take this opportunity to apologise for any inconvenience that may have been caused during these stages of construction and ask that you do not hesitate to contact us with any queries, concerns, issues or comments during the construction stages of our works. As a 'Considerate Constructor' we endeavour to ensure that our works have a limited impact upon your daily operations and routines. This project has been registered with the Considerate Constructors Scheme and we are committed to meeting, and exceeding, this code's standards. Attached is a questionnaire and we welcome any feedback in relation to this project and our performance and assure you that any concerns will be addressed by our committed project team.

# Newsletter – August 2014

**1 Do you live or work in near proximity to the project?**

Yes	No
-----	----

*If yes please give your home address/place of work:*

*This information will be kept confidential. Would you like you a copy of the completed questionnaire? Yes  No*

**2 Were you made aware of the project, Wynne Construction's appointment and the planned start date by the local Council prior to our commencement on site?**

Yes	No
-----	----

**3 Are the construction works affecting you and/or your business?**

Yes	No
-----	----

*If yes please brief state how:*

**4 What more, if anything, can be done by Wynne Construction to reduce the impacts of the construction process on local residents?**

**5 What are your impressions of Wynne Construction?**

A considerate constructor operating a safe, tidy and controlled site

A contractor, not causing too much disturbance, but their works are their priority

A major contractor proceeding without consideration for its neighbours

**6 Any other comments/observations?**
