

Welsh National Sailing Academy and Events Centre

Welcome to our January newsletter and as you are aware, Wynne Construction has been appointed as the Main Contractor to build the new Welsh National Sailing Academy and Events Centre in Pwllheli. The new facility will house an Events Hall, Restaurant / Café and Education Training rooms and will become the focal point for sailing in Wales.

The steel frame erection is now complete and we have commenced the installation of the feature cladding to the main hall roof. The steel floor decks have been installed to both the first and second floors and we have installed the concrete slab to the first floor area. The installation of the steel framed external wall has commenced and the block work walls to the energy centre are nearly completed. The remainder of January will see the concrete poured to the second floor slab and the continuation of the roof cladding and external walls. The Visitor Information Point will open on 19th January and is located at the rear of the site cabins alongside the Marina Road. Please contact 01745 586666 for opening times.

We would like to take this opportunity to apologise for any inconvenience that may have been caused during these stages of construction and ask that you do not hesitate to contact us with any queries, concerns, issues or comments during the construction stages of our works. As a 'Considerate Constructor' we endeavour to ensure that our works have a limited impact upon your daily operations and routines. This project has been registered with the Considerate Constructors Scheme and we are committed to meeting, and exceeding, this code's standards. Attached is a questionnaire and we welcome any feedback in relation to this project and our performance and assure you that any concerns will be addressed by our committed project team.

The Wynne Construction Team

Newsletter – January 2015

1 Do you live or work in near proximity to the project?

Yes	No
-----	----

If yes please give your home address/place of work:

This information will be kept confidential. Would you like you a copy of the completed questionnaire? Yes No

2 Were you made aware of the project, Wynne Construction's appointment and the planned start date by the local Council prior to our commencement on site?

Yes	No
-----	----

3 Are the construction works affecting you and/or your business?

Yes	No
-----	----

If yes please brief state how:

4 What more, if anything, can be done by Wynne Construction to reduce the impacts of the construction process on local residents?

5 What are your impressions of Wynne Construction?

A considerate constructor operating a safe, tidy and controlled site
 A contractor, not causing too much disturbance, but their works are their priority
 A major contractor proceeding without consideration for its neighbours

6 Any other comments/observations?
