Document Title:	TASC Supply Chain Charter			WYNNE CONSTRUCTION

TASC Supply Chain Charter

The TASC (Team of Approved Supply Chain) Charter aims to foster good working relations across the Wynne Construction supply chain, with all parties signing up to a set of principles encouraging mutually beneficial and rewarding relationships. We will:

Relationships:

- Treat each other openly, fairly, without bias, and how you would wish to be treated
- Maintain the highest standards of honesty, integrity, impartiality and objectivity
- Only issue genuine enquiries or set out the basis for requesting a price estimate
- Agree objectives and make it clear what is expected of suppliers and potential suppliers. Where appropriate we will agree common objectives, and share in the success of meeting milestones
- Provide constructive feedback on performance and behaviour, and encourage 2-way feedback
- Define and publicise contact points for handling of supplier enquiries and complaints
- Protect and respect commercially sensitive information

Planning:

- Make available as much information as practicable on future schemes
- Enter into early consultation with suppliers or representative bodies on pricing options, specifications, and statements of requirement where appropriate
- Make available sufficient time and information for suppliers to respond to the bidding process appropriate for the work
- Provide accurate information and updates throughout the procurement process, and make visible to lower tiers
- Identify and manage all conflicts of interest as early as possible

Performance:

- Apply rigorous health, safety and environmental protection standards, and demonstrate responsible environmental performance
- Demonstrate the highest professional standards in the award and management of contracts
- Provide clear specifications which where appropriate encourage innovative solutions and use industry standards
- Manage the bidding process so as to avoid/minimise the burdens on suppliers, while preserving genuine competition and avoiding discrimination
- Not partake in market abuse or anti-competitive behaviour
- Pay promptly for work done within 'Fair Payment' timescales

Please visit www.wynneconstruction.co.uk/info/supply-chain for any supply chain queries or issues you wish to raise.
