

## Ysgol Gwenfro, Wrexham

Welcome to our February newsletter. Wynne Construction has been appointed as the main contractor to build the new Ysgol Gwenfro primary school developed by Wrexham County Borough Council. The new facility will provide an inspirational learning experience for the school children in a 21st Century building. The two-storey building includes nursery provision, key stage 1 & 2 classrooms, school hall and offices. On completion, the existing school will be demolished to make way for new and exciting playground facilities.

Works are progressing well. Demolition of the existing nursery building has been completed. Piling works are near completion for the new building with the reinforced foundations commencing this month. During the next few weeks, the concrete planks will be installed prior to the commencement of the steel frame being erected.

We would like to take this opportunity to apologise for any inconvenience that may have been caused during these stages of construction and ask that you do not hesitate to contact us with any queries, concerns, issues or comments during the construction stages of our works. As a 'Considerate Constructor' we endeavour to ensure that our works have a limited impact upon your daily operations and routines. This project has been registered with the Considerate Constructors Scheme and we are committed to meeting, and exceeding, this code's standards. Attached is a questionnaire and we welcome any feedback in relation to this project and our performance and assure you that any concerns will be addressed by our committed project team.
