

Newsletter – August 2012

Ysgol Y Bont, Llangefni

Welcome to our August newsletter and as you are aware, Wynne Construction has been appointed as the Main Contractor to build the new Ysgol Y Bont Special Education Needs school in Llangefni. The project will see the relocation of the existing co-educational school from its current site located on the Bryn Cefni Industrial Estate to the Ysgol Gyfun High School campus.

Works on the project have progressed well. The main entrance works are complete, works to the covered MUGA are on-going and we are about to commence the new football pitch. The main building is moving rapidly and foundations to Phase 1 are progressing well. We are due to construct the first ground floors slabs in two weeks. You will shortly see the building rise above ground level as the first steel columns will be on site in a few weeks time.

We would like to take this opportunity to apologise for any inconvenience that may have been caused during these stages of construction and ask that you do not hesitate to contact us with any queries, concerns, issues or comments during the final stages of our works. As a 'Considerate Constructor' we endeavour to ensure that our works have a limited impact upon your daily operations and routines. This project has been registered with the Considerate Constructors Scheme and we are committed to meeting, and exceeding, this code's standards. Attached is a questionnaire and we welcome any feedback in relation to this project and our performance and assure you that any concerns will be addressed by our committed project team.

The Wynne Construction Team

Newsletter – August 2012

1 Do you live or work in near proximity to the project?

Yes

No

If yes please give your home address/place of work:

This information will be kept confidential. Would you like you a copy of the completed questionnaire? Yes No

2 Were you made aware of the project, Wynne Construction's appointment and the planned start date by the local Council prior to our commencement on site?

Yes

No

3 Are the construction works affecting you and/or your business?

Yes

No

If yes please brief state how:

4 What more, if anything, can be done by Wynne Construction to reduce the impacts of the construction process on local residents?

5 What are your impressions of Wynne Construction?

A considerate constructor operating a safe, tidy and controlled site

A contractor, not causing too much disturbance, but their works are their priority

A major contractor proceeding without consideration for its neighbours

6 Any other comments/obeservations?
