

# Newsletter – January 2013

## Ysgol Y Bont, Llangefni

Welcome to the January newsletter and as you are aware, Wynne Construction has been appointed as the Main Contractor to build the new Ysgol Y Bont Special Education Needs school in Llangefni. The project will see the relocation of the existing co-educational school from its current site located on the Bryn Cefni Industrial Estate to the Ysgol Gyfun High School campus.

Works are progressing well on site. The steel frame erection for the entire building is now complete and the insulated timber panels continue to be installed to both the ground and first floors. The covered multi-use games area (MUGA) is nearing completion and is due to be handed back to the school at the end of January. The next month will see the continuation of the wall panels and start of the installation of the roof panels. The windows are due to arrive on site in early February.

We would like to take this opportunity to apologise for any inconvenience that may have been caused during these stages of construction and ask that you do not hesitate to contact us with any queries, concerns, issues or comments during the final stages of our works. As a 'Considerate Constructor' we endeavour to ensure that our works have a limited impact upon your daily operations and routines. This project has been registered with the Considerate Constructors Scheme and we are committed to meeting, and exceeding, this code's standards. Attached is a questionnaire and we welcome any feedback in relation to this project and our performance and assure you that any concerns will be addressed by our committed project team.
